Morgan Kingsley, America's most successful exorcist, is paying the price for an exorcism gone wrong. The victim's family is suing the daylights out of her,

the Exorcism Board has suspended her, and now she's living on a diet of ramen noodles and bad coffee. But Morgan has a few good men at her side. One is her current boyfriend, nice-guy legal eagle Brian, who's suddenly starting to reveal his inner bad boy. The other is Philly cop Adam White, who's trying to help Morgan find out who sent her a little present—a severed human hand—and why someone seems determined to destroy her. As her stalker turns more violent, leaving dead bodies in his wake, Morgan turns to the dark side of her life: a group of demons steeped in secrets, sinful eroticism, and otherworldly family feuds,

including one sexy beast who shares Morgan's body—and some X-rated fantasies. Soon Morgan must choose between her friends, her enemies, and her libido: to escape a mad demon determined to destroy her completely. An ancient evil is unleashed in the modern world— unless one fearless P.I. can hunt it down. . . . Nikki Glass, Immortal Huntress, returns in this new novel in the acclaimed series by Jenna Black. As a living descendant of Artemis the Huntress, private investigator Nikki Glass knows how to track someone down. But when an Oracle shows up, warning the Descendants about wild dog attacks in Washington, D.C., Nikki is

afraid it might be a trap. The Olympians believe the “dogs” are really jackals, controlled by a blood-crazed descendant of the Egyptian death-god Anubis. Whatever. . . . If Nikki hopes to muzzle Dogboy, she's got to catch him in the act. But when she stakes out a local cemetery, she ends up face-to-snout with a snarling pack of shadow-jackals whose bite is worse than their bark. These hellhounds are deadly—even for an immortal like Nikki. “Dog” spelled backward may be “god,” but that won't stop Nikki from teaching these old gods some new tricks. Like playing dead. The beautiful. The bad. The possessed. Some people worship them. Some

people fear them. And some people—like Morgan Kingsley—go up against them toe-to-toe, flesh to flesh, and power against power. An exorcist by trade, Morgan is one of the few humans with an aura stronger than her possessor, even though her demon can tease her body senseless. She's also a woman who has just discovered a shocking truth: everything she once believed about her past, her identity, may have been a lie. With a family secret exploding around her and a full-scale demon war igniting, Morgan is a key player in an unsettled world. Then a rogue sociopathic demon enters her life with a bang. His name is

The Hunter. And since she is the prey, Morgan has only one choice: to hunt The Hunter down—no matter what heartbreaking truths she uncovers along the way.... Locke Jenkins has some catching up to do. After spending 260 years as a disembodied mind in a little black box, he has a perfect new body. But before he can move on with his unexpected new life, he'll have to return the Favor he accepted from the shadowy resistance group known as the Network. Locke must infiltrate the home of a government official by gaining the trust of his daughter, seventeen-year-old Raine, and he soon finds himself pulled

deep into the world of the resistance—and into Raine's life. In *Fox Forever*, Mary E. Pearson brings the story she began in *The Adoration of Jenna Fox* and continued in *The Fox Inheritance* to a breathtaking conclusion as Locke discovers that being truly human requires much more than flesh and blood. In Philadelphia, Becket, the daughter of bickering divorced parents, is an ordinary teenage girl, but that all changes one night when she tries to save an innocent life and is tricked into allowing a dark magic into her world that only comes out at night. What is extremis, who has unleashed it, and what does its emergence portend for

the world?"--P. [4] of cover. Resistance is the second installment in acclaimed author Jenna Black's YA SF romance series. Nate Hayes is a Replica. An urban fantasy anthology of original stories featuring heroines who combat supernatural adversaries from dragons to

demons. Escaping from a tall tower using one's hair is SO fairy-tale old school. THIS STEM-smart Rapunzel uses the brain beneath her hair to educate her prince (and readers) on the ways the science of simple machines can save the day. A glossary and critical thinking questions reinforce the story's key physics concepts. From the former news policy lead at Google, an "informative and often harrowing wake-up call" (Publishers Weekly) that explains the high-stakes global cyberwar brewing between Western democracies and the authoritarian regimes of China and Russia that could potentially crush democracy.

From 2016 to 2020, Jacob Helberg led Google's global internal product policy efforts to combat disinformation and foreign interference. During this time, he found himself in the midst of what can only be described as a quickly escalating two-front technology cold war between democracy and autocracy. On the front-end, we're fighting to control the software—applications, news information, social media platforms, and more—of what we see on the screens of our computers, tablets, and phones, a clash which started out primarily with Russia but now increasingly includes China and Iran. Even more ominously, we're also engaged

in a hidden back-end battle—largely with China—to control the internet’s hardware, which includes devices like cellular phones, satellites, fiber-optic cables, and 5G networks. This tech-fueled war will shape the world’s balance of power for the coming century as autocracies exploit 21st-century methods to redivide the world into 20th-century-style spheres of influence. Without a firm partnership with the government, Silicon Valley is unable to protect democracy from the autocrats looking to sabotage it from Beijing to Moscow and Tehran. Helberg offers “unnervingly convincing evidence that time is running

out in the ‘gray war’ with the enemies of freedom” (Kirkus Reviews) which could affect every meaningful aspect of our lives, including our economy, our infrastructure, our national security, and ultimately, our national sovereignty. For Immortal Huntress and cunning private investigator Nikki Glass, vengeance trumps all in the final novel in acclaimed author Jenna Black's addictive urban fantasy series! What happens when fertility goddesses go on strike? Nothing much—except maybe the end of the human race. When private investigator Nikki Glass became immortal as a descendant of Artemis, she never dreamed she’d find

herself playing marriage counselor to the gods. But she doesn’t really have much of a choice when the crazed ex-wife of Anderson Kane—a god in disguise who just happens to be the son of a Fury—decides to enact revenge by wiping out all of humanity. Somehow, Nikki must convince the two to kiss and make up, but with Anderson now gone AWOL, she’ll have to find him first. To top it all off, the cat’s out of the bag that Anderson killed Konstantin, the Olympians’ deposed leader. Now their new boss—Konstantin’s son—is out for blood. With every mere mortal’s fate now resting in Nikki’s hands, can she outsmart the gods...or will she

be doomed to spend the rest of eternity in a barren and desolate world? Morgan Kingsley, a kick-ass exorcist, can deal with Lugh, the supersexy demon living inside her, but does he have to moan softly during her intimate moments with her mortal lover? Understandably, Brian is reluctant to share the pleasures of Morgan's flesh with a gorgeous rogue from the Demon Realm. But personal matters will have to wait when the opportunistic owner of the Seven Deadlies demon club in Philadelphia enlists Morgan's help in heading off a crisis: It seems that demons have started showing up at the hot spot in alarming numbers and

in the unwilling bodies of rough trade club-goers. Morgan is sure that Dougal, Lugh's sworn enemy, is behind this, but why? To find out, Morgan must summon every ounce of power at her command—or risk becoming just another casualty in an all-out demon war. It's all she's ever wanted to be, but it couldn't be further from her grasp... Dana Hathaway doesn't know it yet, but she's in big trouble. When her alcoholic mom shows up at her voice recital drunk, again, Dana decides she's had enough and runs away to find her mysterious father in Avalon: the only place on Earth where the regular, everyday world and the captivating, magical

world of Faerie intersect. But from the moment Dana sets foot in Avalon, everything goes wrong, for it turns out she isn't just an ordinary teenage girl—she's a Faeriewalker, a rare individual who can travel between both worlds, and the only person who can bring magic into the human world and technology into Faerie. Soon, Dana finds herself tangled up in a cutthroat game of Fae politics. Someone's trying to kill her, and everyone seems to want something from her, from her newfound friends and family to Ethan, the hot Fae guy Dana figures she'll never have a chance with... until she does. Caught between two worlds, Dana isn't sure

where she'll ever fit in and who can be trusted, not to mention if her world will ever be normal again... In bestselling author Kate Kingsbury's Misty Bay Tea Room series debut, the proprietress of a British-style tea shop must draw on her love for mystery novels to sleuth a murder. Vivian Wainwright is living her dream. The middle-aged widow owns the Misty Bay Tearoom, a quaint, English-accented shop on the Oregon coast. But on the eve of the tearoom's second anniversary, the dream turns nightmarish when a man falls to his death from a hotel balcony. The body belongs to Dean Ramsey, ex-husband of Vivian's assistant, Jenna.

Detective Tony Messina quickly zeroes in on Jenna as prime suspect, since she was seen leaving the hotel shortly before the body was found. Vivian and her other assistant, Gracie, set out to help clear Jenna's name, using their wit and a bit of criminology know-how Vivian picked up from her late attorney husband. Detective Messina is on board, but he's starting to develop feelings for his number one suspect. Puzzling questions persist--chief among them, whose clothes was Dean wearing when he landed on the rocky shore? To complicate matters, Vivian's friend, pet shop owner Hal Douglass, seems to know some secrets about the hotel

that could add a long list of names to the suspect list...including Hal's own. Vivian must work quickly because if she can't, Jenna faces a murder rap...or worse. Hopkinton, NY is a quiet little town in the northeast part of the state, settled by New Englanders and built in the New England style with a village green, white wood frame churches, and large Victorian houses. Life here has generally moved at a leisurely pace; yet Hopkinton's people have had their dramas - both comedy and tragic - and their stories have been remembered. In 1903, Carlton Sanford had a book published documenting the settling of the town from a

wilderness in 1802 through its first hundred years of development and tracing the descendants of the first settlers. Now Dale Burnett has written a folk history of the second hundred years, chronicling the events in the lives of Hopkinton's people and the town itself through the 20th century. Mr. Burnett has researched each separate district of the township and spoken with at least one person from each area to get its history from someone who lived there. In addition to the facts one would expect - businesses, history of the fire department, town officers - he has taken almost every house along each road in the town and listed the

residents through the years, along with any tales that may have been told about them. Based mainly on interviews with older Hopkinton folk, some of whom were alive when Sanford's book came out, the stories handed down have been preserved as the old people told them. Facts are supported by newspaper articles, deeds and other documents. Included are tales of Hopkinton's characters, its three or four murders, and its one kidnapping case with still unanswered questions. And, following Mr. Sanford's example, at the end of *The Second Hundred Years* are genealogies submitted by Hopkinton families, many of

whom can still trace their ancestry to those early settlers. An original eNovella in the acclaimed Nikki Glass urban fantasy series, taking place between the events of the novels *Deadly Descendant* and *Rogue Descendant*. As a living descendant of Artemis the Huntress, private investigator Nikki Glass knows how to track someone down—but this time, her latest case leads to unexpected revelations of lies and betrayal... Anderson orders private eye Nikki Glass to use her powers to locate Konstantin, the former leader of the Olympians who has gone into hiding. She resists the idea until a series of attacks lead her to believe that Konstantin

is no longer in hiding and is gunning for her and Anderson. However, tension mounts when Nikki begins to suspect that Konstantin might not be behind the attacks after all. From the acclaimed author of the Morgan Kingsley, Exorcist books comes the gripping first novel in a new series about a private eye who discovers, to her surprise, that she's an immortal huntress. Nikki Glass can track down any man. But when her latest client turns out to be a true descendant of Hades, Nikki now discovers she can't die. . . . Crazy as it sounds, Nikki's manhunting skills are literally god-given. She's a living, breathing descendant of Artemis who has

stepped right into a trap set by the children of the gods. Nikki's new "friends" include a descendant of Eros, who uses sex as a weapon; a descendant of Loki, whose tricks are no laughing matter; and a half-mad descendant of Kali who thinks she's a spy. But most powerful of all are the Olympians, a rival clan of immortals seeking to destroy all Descendants who refuse to bow down to them. In the eternal battle of good god/bad god, Nikki would make a divine weapon. But if they think she'll surrender without a fight, the gods must be crazy. . . . When Dana is invited to Faerie to be officially presented at the Seelie Court, it's no easy

decision. After all, everyone knows Titania, the Seelie Queen, wants her dead. But Titania claims not to be the one behind the death threats; and her son, Prince Henry, makes the decision a whole lot easier when he suggests Dana might be arrested for (supposedly) conspiring with her aunt Grace to usurp the Seelie throne. So she and her father better do as they're told . . . The journey through Faerie is long—and treacherous. Dana thought it would be a good idea to have friends along, but her sort-of-boyfriend, Ethan, and her bodyguard's son, Keane, just can't seem to get along, and Kimber's crush on Keane isn't making things any easier.

When a violent attack separates Dana from their caravan, the sexy Erlking saves her just in the nick of time . . . and makes it clear that he hasn't given up on making her his own. Arriving at Titania's beautiful palace should be a relief. But Dana is soon implicated in an assassination attempt against Titania's granddaughter, and is suddenly a fugitive, forced to leave her father behind as she and her friends flee for their lives. Will she be able to prove her innocence before the forces of the Seelie Court—or, worse, the Erlking—catch up with her? And will she save her father before he pays the ultimate price in her stead? Nathaniel Hayes is the heir to the company that pioneered human replication: a technology that every state and every country in the world would kill to have. Except he's more interested in sneaking around the seedy underbelly of the state formerly

known as New York than he is in learning to run his future company or courting his bride-to-be. She's not exactly his type...not that he can tell anyone that. But then Nate turns up dead, and Nadia was the last person to see him alive. When the new Nate wakes up in the replication tanks, he knows he must have died, but with a memory that only reaches to his last memory back-up, he doesn't know what—or rather, who—killed him. Together, Nadia and Nate must discover what really happened without revealing the secrets that those who run their world would kill to protect. At the Publisher's request, this title is being sold

Based on the classic 1989 film, *Westerberg High* is ruled by a shoulder-padded, scrunchie-wearing junta: Heather, Heather and Heather, the hottest and cruelest girls in all of Ohio. But misfit Veronica Sawyer rejects their evil regime for a new boyfriend, the dark and sexy stranger J.D., who plans to put the Heathers in their place - six feet under. Things aren't going well for exorcist Morgan Kingsley. She's been betrayed by the boyfriend of her dreams, her brother has been repossessed, and she's unable to escape from the hunky demon who shares her body. All Morgan

wants is to curl up and avoid reality for a while. But she can't. A woman named Claudia Brewster seeks her services. During the brief time that Claudia had been on a cruise, her son, Tommy, changed from an invective-spewing member of the anti-demon society God's Wrath to a happy little demon host. Claudia smells a rat - as does Morgan - but all the paperwork looks legal. That is, until Morgan begins digging up the secrets of Tommy's past and finds herself deep in another deadly conspiracy...
